5- Install ASTA Powerproject and accept all the settings. When asked for customer information enter as follows:

😸 Asta Powerproject - Educational - InstallShield Wizard	×
Customer Information Please enter your information.	An Bieco ple Company
User Name: Organization: University of Exeter Serial Number: Select licence type: 112061	
InstallShield	Cancel

After installation, launch ASTA Power Project from your Start menu. It will ask for license information at this stage – cancel this configuration wizard.

- 6- In the Asta Powerproject activation screen:
  - a. Click on "Move licence".
  - b. Select "Move an Asta Licence from another computer to this computer".
  - c. Select "Move a licence using email"
  - d. Copy the request key data and paste in an email and send to helpdesk@emps.ex.ac.uk
- 7- We will then send back to you an activation key which you can paste into the box and then click finish.
- 8- You will be "loaned" a license from our central pool. The licenses run for an academic year, from 1 Aug to 31 July. Your license will expire on 30 July and you will have to request a new license from us once we receive the new set from Asta. Therefore, please don't expect to do any Asta Powerproject work on 31 July or 1 Aug!
